FIGURE 1 (PA BEGGE SKEMADSR.)

PORTABLE AIR CONDITIONER COMBINED WITH TRANSCIVER ETC.

(features below may also be used in other drawings/figures of Iver Hagens patent applications).

Fig.1 shows:

Ball shaped, adjustable fan casing for wind direction (1), Friction adjustment ring (12). Friction seal ring (17). Hands free low radiation picture phone, PC, TV, alarm and surveillance system (2), antenna (13), fastening means (6), listening means (4) allowing unobstructed air passage to ear's external auditory meatus, pin (18) locking listening means to ear when needed, microphone (5), dust filter (8), active coal filter (9), braces (7) arranged to enable user to carry heavy combinations without discomfort, light (14), radio (15), compartment (16) for automatic or easy rewind of wires to listening means, rechargeable battery (3), socket for wire (11) for power to accessories, lower belt (10), keyboard for mobile phone (19) or for other accessories. Band for keeping braces/straps in position below chin (20) with or without apparatus. Magnifying glass (21) (optional) for seeing keyboard, display, TV, PC etc. more easily. Snap on-off couplings. Magnifying glass may also be fastened to detachable part of apparatus when using it on a table, on user's lap etc. making small TV-picture, PC-picture, mobile phone picture etc. look larger. The display may in some models be tilted upwards from apparatus to facilitate viewing. The apparatus may also have a loudspeaking function for phone conversations etc. without anything attached to cars etc. Users may easily pull out fastening pins (6) and hold mobile phone in hand when dialling or using PC, TV etc. Water tight protecting case/cover with transparent cover (22) over keyboard (preferably) and openings for air outlet, plugs. Zipper for microphone (5) or folding cover or mic outside cover with a protecting cap or microphone stick as a prolongation of the listening means (23). Angle regulator (24) for quicker and easier observation of keyboard and display (25) or by a fastening arrangement offering varying angles, distances etc. from the user. Color display for functions above. Optionally also camera included.
